- Wireless Apple CarPlay
- Bluetooth Hands-Free
- HD Display
- HDMI In + Out
- iDataLink Maestro Ready
- Hi-Res Audio Playback
- 13-Band Parametric EQ

PRODUCT OVERVIEW

Next-generation dash technology in a traditional double din fitment for a modern upgrade on a classic application.

PRODUCT FEATURES

Next-Gen Tech – The iLX-507 features Apple CarPlay®, Android Auto™, and built-in Bluetooth® hands-free which allow access to music, messages, phone calls, and maps on a smartphone via either a wired USB connection or wirelessly. Get even more entertainment options with built-in HD Radio®, Pandora Internet Radio (via iPhone or Android connection), and SiriusXM® for even more choices in entertainment (tuner and subscription sold separately).

Sound Tuning - Enhanced sound tuning features now include a 13-band parametric EQ per channel, for continuous frequency control as well as a 6-channel time correction that ensures music is staged properly in the front and center of the vehicle.

Hi-Res Audio – Experience incredible music detail with Hi-Res Audio Playback. High-precision music reproduction brings out the full potential of every song and makes every drive feel like an intimate recording studio session with your favorite artist. Access your favorite songs on popular Hi-Res streaming services like Apple Music, Tidal, Amazon Music HD, and more. The Alpine iLX-507 plays Hi-Res music at its intended spec of 96kHz/24Bit via a wired USB connection to a smartphone or wirelessly through Bluetooth connection. You can also purchase and download Hi-Res music files onto a USB drive from platforms like HDtracks for Hi-Res playback on the iLX-507.

iLX-507

7-inch Digital Multimedia Receiver with HD Display and Hi-Res Audio Playback
